To Residents:

Re: Prairieview Drive Reconstruction

We wish to advise you that the asphalt road portion along part of Prairieview Drive is to be re-constructed.

Weather permitting, the contractor anticipates starting the work the week of July 5, 2010 and should have the works completed within 3 weeks. During the project, the street will be intermittently closed to traffic. During part of this period we ask that you park your vehicles on Second Avenue or Fourth Avenue. Further correspondence during this period providing parking requirements and further details on the construction schedule will be forthcoming from Stantec Consulting and/or Maple Leaf Construction.

We recognize that this project will cause you some inconvenience and disruption. The contractor will work to the best of their ability to ensure traffic disruption is kept to a minimum. Should you have any questions concerning this street closure, please contact Mr. Justin Gerardy of Stantec Consulting Ltd. at 981-2586.

Those persons with Accessibility needs are also asked to contact Mr. Gerardy for additional information.

Yours truly,

W. T. Raine, C.G.A. CMMA
Chief Administrative Officer

c. Maple Leaf Construction, G. Baker, T. Comack
